where will it go

my guess; military,

a sign off, saying

will it be left

on read?

will see

in other news,

the guy is still awful

bloated off his own

stench, crooked
rotting molded rot
god,
awful, disgusting,
about to embarrass himself
but thats life,
and im fine,
it still looks like
im within my own mind,
no one asked,
which may be a sign.
do you ever
wonder what the dead
think of us now?

out of my league.
i could say

i cant be

you

just pretend
that everyones
ugly

had a dream:
ivan's old apartment
and post covid
local school class
meeting, i was
sitting, asking why
everyone has to have
a personality,
when i realized
id been drinking
cleaning fluid
i ran off
and woke up

all these words, just
something to read
all chaff,
cut from something else
bristling, fill with liquid
ive done nothing and am
full of shit and think
its something to go on
about
and theyll all be so
impressed at the
sloppy shapes and
shitty ways i grope
at things, often he
misses the point,
gets a cross,
namely, as a jerk
basically

hands you two cold
stones,
says;
rub these together
for half an hour,
make a fire,
and when you're
warm,
you can thank me.
walks away,
this artist thought

he was good

together inside of
sweater, wild and
woolenly weather
flat line forever
on plains of vincent
and heather, rolling
bottoms soft velum
rocks crop out
camp out there

wake up, roll over and
check up on delusions,
refresh them, reapply them
glaze over my eyes, as to
see things clearly; control.
out to the battlement,
the usual. this is pleasing,
i thought as much. the thieving
bastards wont give in,
itll be another winter, then

talking about
nothing drowning
out those saying
something
doing my part
to add to white
noise

my shit aint about shit but
i run the diagnostic and
its just not very interesting

you are

a movie where
the whole movie is

take up space, only for

you're saving someone
